New Business

1. Limitless RC – Drip edge

The Millington-Arbela Historical Society is currently having a historical mural done on the south side of Limitless RC's building. The east end of the south wall of the building does not have an overhang currently to block rain and snow from running directly down the building. Over time, the dirt and debris will damage the mural. The solution is to install an overhang to direct water away from the building and mural. The cost of this will be \$10,000.00.

Swartz moved, Duesbout seconded, PASSED the motion to support the drip edge repairs with giving \$8,000.00 from the DDA, with support of \$2,000.00 from the Millington Chamber of Commerce.
